

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
1	22/01/2011	Isle of Whithorn	8.4m	5.2c	Chris	D/M	First dive of the year. Viz nearly nil but we were all
2					Martin		surprised that we stayed relatively warm.
3					Jim G		Tried out the new video camera with good results
4	03/03/2011	S.S.Woodburn	10m	7c	Darren	D/M	Jim G Cox, wreck completely changed by winter
5					Chris		storms. Need new picture drawing.
6	06/03/2011	S.S.Woodburn	10m	7c	Darren		Viz still poor
7					Chris	D/M	
8					Mel		
9	19/03/2011	Cairn Head	18m	7c	Darren	D/M	Chris cox. Viz continues poor despite settled
10					Martin		weather
11		S.S.Woodburn	11.1m		Darren		
12					Martin		
13					Jim G		
14	24/03/2011	S.S. Jasper	17m	8c	Darren	D/M	A trawler has hit the wreck with its nets and
15					Mel		pulled the hanging stern off. The hull plates on
16		S.S.Woodburn	11.2m		Chris		the port side of the engine/ boiler have also been
17					Darren		ripped away and lie flat on the sea bed
18	27/03/2011	S.S. Jasper	13m	7c	Darren	D/M	Jasper now permanently buoyed
19					Chris		Chris took video of wreck in order to draw new
20					Jim G		picture. Water very silty around wreck
21					Mike		
22					Martin		
23					Freya		S01
24		Cairn Head	19m		Darren		Lots of dead scallop shells but no sign of living
25					Martin		ones
26		S.S.Woodburn	7m		Chris		Martin saw large octopus living in engine block
27					Darren		
28					Martin		
29	09/04/2011	S.S.Kelvinside	23m	8c	Darren	D/M	Jim Cox. Back end of vessel now fallen away.
30					Martin		Need to be at site ready to dive 1 hour before stated
31					Chris		slack. We were a bit late and current was strong
32		S.S.Woodburn	8m		Darren		Viz in Wigtown Bay very poor on ebb tide but
33					Martin		cleared with incoming flood (3 metres). Buoy still
34					Chris		on Landing Craft which made diving it a possibility
35		Landing Craft	40m		Darren		as we were a little late again.
36					Martin		
37	10/04/2011	Rock of Providence S.	13m	8c	Chris	D/M	Despite settled weather viz in Wigtown Bay at low
38					Martin		water was worse than yesterday.However in Luce
39					Darren		Bay on scenic sites was 4-6 metres. The first drift
40		S.S.Woodburn	8m		Chris		SE from Rock of Prov. All the way to Ducker Rock
41					Martin		boulders and big patches of encrusting sponges
42					Darren		and anemones. In this area slack is after stated
43		Rock of Providence S.	15m		Chris		time. The drift NE from Rock of Prov to Dykefoot
44					Mike		dominated by rock ridges covered in sponges. Not
45					Martin		many fish evident yet but a large underwater sand
46					Darren		dune has built up in the Dykefoot area
47		S.S.Woodburn	10m		Chris		Mike S02
48					Mike		
49					Martin		
50					Darren		
51	17/04/2011	Port William Beach	6.6m	9/10c	Chris	D/M	Luke's first dive OD 001
52					Luke		
53			8.2m		Phil		
54					Luke		OD 002
55	22/04/2011	Cairn Head	16.2m	10c	Chris	D/M	Darren cox. Went to dive Solway Hunter but after
56					Mel		picking up good trace on first pass couldn't find it
57					Don		again to shot.Need search with fixed reference shot
58	23/04/2011	Rock of Providence S.	13.5m	10c	Chris	D/M	Dived on low water as Wigtown bay quite murky
59					Mel		with lots of floating logs and vegetation. Quite a
60					Martin		ebb flow on stated low water. 5 metre viz and
61					Darren		interesting to see that the fish have now returned.

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
62	23/04/2011	S.S.Woodburn	8m	10c	Steve C		
63					Mel		
64					Martin		
65					Darren		
66		S.S.Woodburn	9.5m	10c	Andy		Quick shake down dive for Andy and Stacy two guest divers visiting from Keighley. Luke came
67					Stacey		for his first boat dive but had ear problems
68					Martin		
69					Steve C		
70		Rock of Providence N.	14.5m	10c	Don		Dived one hour before HW with a mild flood current
71					Stacey		to NW
72					Darren		
73					Martin		
74					Mike		
75					Chris		
76					Andy		
77		S.S.Woodburn	11m	10c	Martin		
78					Darren		
79	24/04/2011	Landing craft ADC 527	37m	9c	Darren	D/M	Chris cox. When we arrived at site we waited for
80					Martin		slack only to find that someone has cut our buoy
81					Don		off. It lasted all during the winter months but now
82					Bert		sports fishermen are out and about again they are
83		S.S.Woodburn	8m	10c	Chris		up to their tricks. Shotted wreck again and still
84					Don		succeeded with recovery.
85					Darren		Dived in cave that Darren found near wreck of
86					Martin		Woodburn. Easy access into large cavern with
87					Bert		sunlight coming through crack in roof.
88		Slockenglass	13.8m	10c	Chris		Gentle ebb tide flowing 3 hours after stated LW
89					Luke		Luke did his first boat dive. Viz 5 / 6m and lots of
90					Martin		critters around. OD003
91					Andy		The flood tide cleared the waters in Wigtown Bay
92					Stacey		sufficient to try the Jasper. Had to shot the wreck
93		S.S.Jasper	16m	10c	Darren		as permanent shot had disappeared (dragged down
94					Martin		by tree root now free again) Luke did his first wreck
95					Chris		dive in 3/4m viz and did well. Excellent training
96					Luke		for him OD004
97	28/04/2011	S.S.Jasper	15m	11c	Darren	D/M	Jim Cox
98					Don		
99		Cruggleton	16m		Darren		
100					Don		
101		Cairnhead	16m		Darren		
102					Don		
103	30/04/2011	Dykefoot - Carghidown	13m	11c	Chris	D/M	Slack on this section of the coast seems to be one
104					Phil		hour after stated H/L water
105					Darren		Despite gusting winds of 35mph from the east, this
106					Martin		sheltered site in Luce Bay was flat calm and
107		S.S.Craignair / Chile	3m	12c	Darren		very diveable. S.S.Craignair is a very good trainee
108					Martin		site, shallow and with lots to see
109					Chris		Rough coming back round Burrow Head
110	01/05/2011	Dykefoot - Rock of Prov.	13m	11c	Martin		Videos taken of scenic sites
111					Chris	D/M	
112		S.S.Craignair / Chile	3m	12c	Darren		Darren videoed site
113	14/05/2011	S.S.Jasper	18m	12c	Martin		Excellent viz of around 4/5 metres on both dive
114					Darren		sites. Martin tried his new twin set. Very large
115					Chris	D/M	lobster wandering wreck, unafraid of divers. Conger
116					Mike		back in his hole in the engine block. SO1
117		S.S.Woodburn	9m		Chris		
118					Helen		OD 001 Helen did very well on her first dive
119					Martin		quite confident in water
120					Darren		
121	15/05/2011	S.S.Riverside	27m	12c	Martin		Sea rough from a strong westerly and arrived a bit
122					Darren		late so quite a run when second divers on wreck
123					Chris	D/M	Dark but clearish. Plumose anemones fully open
124					Steve C		all over. Big conger in open almost like torpedo

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
125	22/05/2011	S.S.Jasper	17m	12c	Phil		Strong winds veered round to west which made
126					Mike		diving possible. Put telltale on fixed shot to make
127					Darren		HW recovery possible. Tied off onto shot to save
128		S.S.Woodburn	12m		Chris	D/M	fuel and so only used 4/5 of a can
129					Helen		OD 002. The swell caused a surge which made it
130					Darren		fun going into and out of the cave
131					Phil		Mike SO3
132	28/05/2011	Cairn Head	23m	11c	Phil		Seasearch Dive. Despite poor weather viz was
133					Freya		good and we all had a good drift from Cairn Head
134					Chris	D/M	to Carrickaboys, where the brittlestar beds start
135					Martin		Lots of large connected dead scallop shells but no
136					Darren		sign of living ones. Looks as if something has
137		S.S.Woodburn	10m		Chris		recently killed them all off. Other marine life
138					Martin		prolific with a large number of Dahlia anemones
139					Darren		S05 (for Freya)
140	29/05/2011	Cairn Head	20.8m	11c	Chris	D/M	Another good sea search drift dive
141					Martin		Darren setting up 'underwater museum' on the
142		S.S.Woodburn	10m		Darren		Woodburn with recovered artifacts. Items are
143					Martin		grouped in the rib section near boiler
144	04/06/2011	Screens Rocks	17m	12c	Phil		Drift on Screens to look for wreckage
145					Mel		
146					Darren	D/M	
147			7m		Darren		
148	10/06/2011	S.S.Woodburn	10m	13c	Darren	D/M	Chris cox
149					Jim G		
150	11/06/2011	Great Ouse	24m	13c	Darren		Excellent Viz. Took good video footage of whole
151					Mel		of wreck. Huge shoals of around 200 pollack on
152					Chris	D/M	wreck as well as usual congers, bib and wrasse
153		S.S.Woodburn	6m	13c	Darren		Picture of wreck still pretty good for orientation
154					Chris		At LW (end of neaps) diveable 1 1/2 hrs before and
155					Mike		slack 1/2 hr before Liverpool book time
156	22/06/2011	S.S.Jasper	16m	13c	Darren		Jim cox. At HW on neaps slack at Liverpool book
157					Chris	D/M	time.
158	23/06/2011	Rock of Providence	14m	14c	Darren	D/M	Good dive in clear viz. Mike & Darren saw a Black
159					Mike		Tar Sponge (uncommon here). On way back in saw
160					Chris		a very large Barrel Jellyfish off Burrow Head
161					Helen		
162	24/06/2011	S.S.Kelvinside	24m	14c	Darren	D/M	Despite being a little bouncy arrived at wreck in
163					Martin		good time with a long slack period Viz excellent
164					Chris		Shot good footage of wreck which was covered in
165					Jim G		fish life. Shoal of around 200 large pollack as well
166		S.S.Woodburn	8.5m		Darren		as large specimens of usual wreck fish
167					Martin		
168					Mike		S04
169					Chris		
170					Luke		OD 005 Luke now an Ocean Diver
171	25/06/2011	Carghidown-Slockenglass	16m	14c	Martin		Only clear water in Luce Bay despite rough seas
172					Chris		round Burrow Head. Had a good fast drift over
173					Darren	D/M	scenic ground in surprisingly good viz.
174	28/06/2011	S.S.Jasper	13m	14c	Darren		Jim cox. Jasper murky at low water so had short
175					Chris	D/M	dives and headed round to luce bay. Counted
176		Rock of Providence	12m		Chris		seven seals on rocks round Burrow Head
177					Darren		Good video footage taken
178	29/06/2011	ADC 527	36m	14c	Chris		Jim cox. Saw Puffin on sea right on wreck site. It
179					Martin		was close and stayed a while. Viz on wreck good
180					Darren	D/M	but dark. Lots of very big pollack at stern

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
181	02/07/2011	Rock of Providence	14m	14c	Martin		Good viz. Jim saw a sea hare
182					Phil		Building up reasonable video footage
183					Jim G		
184					Chris	D/M	
185					Darren		
186					Martin		
187		S.S.Woodburn			Darren		Getting quite obscured by weeds now
188					Martin		
189	03/07/2011	Rock of Providence	13m	14c	Martin		
190					Chris	D/M	
191					Helen		
192					Martin		
193					Darren		
194					Helen		
195		S.S.Craignair / Chile	4m		Martin		Excellent viz, possibly 9-10metres. Took good video footage
196					Darren		
197					Helen		
198					Darren		
199					Chris		
200	04/07/2011	Rock of Providence	13m	14c	Darren		
201					Helen		
202					Mike		
203		S.S.Craignair / Chile	4m	14c	Chris	D/M	Viz very good on the wreck
204					Charlie		Charlie's first open water dive
205					Darren		
206					Helen		On spring tide ebb only began to be felt 3 hours
207					Chris		after stated HW time
208					John P		John's first open water dive OD001
209					Darren		
210					Mike		
211	06/07/2011	Rock of Providence	16m	14c	Chris	D/M	Darren cox
212					Jim G		
213					Chris R		
214	12/07/2011	Devil's Bridge, Burrow Hd	9.9m	15c	Darren	D/M	Found slack 2.1/2 hrs -1hr before HW on 7.4m
215					Jim G		neap tide local tables. Pinacles, arches, gullies
216					Darren		and seals. Excellent new site at Burrow Head
217					Chris		Sea search done
218	14/07/2011	Devil's Bridge, Burrow Hd		15c	Mel		Dived on the other side of the reef
219					Don		Darren cox
220					Lee		
221		S.S.Woodburn			Darren	D/M	
222					Lee		
227	16/07/2011	Devil's Bridge, Burrow Hd	15m	15c	Chris	D/M	Bad weather overnight ruined visibility at Devil's
228					Martin		Bridge. Need to check on water clarity before
229					Mike		diving this site
230		Rock of Providence > N	17.1m		Chris		Viz poor in Luce Bay too.
231					Don		
232					Lee		
233		S.S.Woodburn	10m		Martin		Ironically quite good viz on Woodburn
234					Mike		SO2
235	22/07/2011	Great Ouse	27m	15c	Darren	D/M	Gary cox. Good viz in surface layers but worse on
236					Martin		bottom. Only 5/6 metres. Lots of black lobsters
237					Mel		
238	23/07/2011	Cairn Head	16m	15c	Martin		Still no evidence of scallops
239					Brian		
240					Alison		
241		Devil's Bridge, Burrow Hd			Martin		Good views underwater of seals
242					Darren	D/M	
243		Mare Rock			Martin		New scenic site just round from Screens Rocks
244					Darren		

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
245	24/07/2011	ADC 527	36.8m	16c	Darren	D/M	Jim cox. Poor viz at surface but excellent on
246					Martin		wreck. Hole now opened up in middle near bow
247					Chris		making easy entry from side. Lots of big pollack.
248		Carrickaboys Rocks	15.9m		Darren		New scenic site with lots of inquisitive Goldsinny
249					Martin		Sea Search done. Dived 3hrs before HW local
250					Chris		on 6.1m neap with no discernable current
251		Devil's Bridge, Burrow Hd	10.5m		Darren		Sea Search done. Dived 1.5hrs before HW local
252					Martin		Current picked up 50 mins before HW local
253					Chris		Seal encounters and Darren found a cave
254	26/07/2011	Carrickaboys Rocks	15m	16c	Mel		
255					Jim G	D/M	
256					Darren		
257		Devil's Bridge, Burrow Hd	10.5m		Mel		
258					Jim G		
259	27/07/2011	Devil's Bridge, Burrow Hd	10.5m	16c	Phil		Good viz on site and seals were inquisitive but not
260					Luke		seen under water. As before slack was a good
261					Steve C		2.5 hrs before stated HW local tables and began
262					Chris	D/M	to ebb 50mins before HW. Keeping within shelter
263					Neil		of rocks gives good protection
264	30/07/2011	Big Scare Rock	17.5m	15c	Martin		Chris cox. Lots of seals and gannets as expected
265					Mike		Water not as clear as hoped close in and best viz
266					Mel		and life 100m out to WNW. Probably best dived as
267					Neil		a drift on neap tides after the Ouse or Kelvinside
268					Darren	D/M	Rock on bottom covered in small white anemones
269		S.S.Woodburn	9.8m		Martin		with yellow centres. (Fried egg anemones
270					Neil		Actinothoe sphyrodeta ?)
271					Darren		
272					Helen		
273	06/08/2011	S.S.Riverside	21m	16c	Martin		Diving with visitors from BSAC Bradford branch
274					Luke		Poor viz on Wigtown Bay wrecks due to low water
275					Ann		and previous rainfall. Decided to split dives on
276					John P		wrecks to get better viz
277					Tom		
278					Chris	D/M	
279					Claire		
280		S.S.Jasper	15m	16c	Martin		
281					Mick B		
282					Andy P		
283					Mick K		
284					Gavin		
285					Steve H		
286		Devils Bridge	9.6m		Chris		Saw seals close up as I was one of the first in.
287					Claire		Viz much improved and all seemed to enjoy the
288					Ann		dive. Dived 4hrs before HW and slack with flood
289					John P		tide actually flowing gently in wrong direction E>W
290					Tom		
291					Martin		
292					Luke		
293					Mick B		
294					Andy P		
295					Stacey		
296					Gavin		
297					Mick K		
298					Steve H		

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
299	06/08/2011	Rock of Providence >N	15m	16c	Chris		Dived 2hrs before HW as a gentle drift to the north
300					Claire		
301					Ann		
302					John P		
303					Tom		
304					Martin		
305					Luke		
306					Mick B		
307					Andy P		
308					Stacey		
309					Gavin		
310					Mick K		
311					Steve H		
312	07/08/2011	Rock of Providence >S	13m	16c	Martin		Late getting started and so 30mins off schedule
313					Luke		resulted in a good strong drift southwards. Andy K
314					Ann		felt unwell underwater but surfaced ok and was fine
315					Claire		by end of day. Every one enjoyed the drift and Tom
316					Andy K		and I who were last in managed to hunker down
317					Stacey		among rocks avoiding the main current to go
318					Chris	D/M	critter hunting. Saw a Ling hiding under a large
319					Tom		boulder and a conger hiding behind a lobster in
320					Mick B		another hole
321					Andy P		
322					Mick K		
323					Gavin		
324					Steve H		
325		S.S.Woodburn	8.5m	16c	Martin		Nice quiet bimble. Put the treasure in the boiler
326					Luke		stoke hole to protect it from some rough weather
327					Claire		coming in in next few days
328					Mick B		Managed to do the shot recovery practical for
329					Andy P		Claire as part of her Dive Leader training. If she can
330					Mick K		send up our shot successfully she can recover
331					Gavin		any shot!
332					Steve H		
333		Carrickaboys	15.5m		Chris		Completed my sea search survey by getting the
334					Martin		topographical info I still needed. Again no
335					Claire		discernable current 2.5 hrs before HW
336					Mick B		
337					Gavin		
338					Mick K		
339					Steve H		
340	12/08/2011	Slockenglass >N	18m	15c	Chris	D/M	Despite foul weather and lots of rain over past few
341					Freya		days managed to find clearish water in Luce Bay
342					Jim G		Freya did training exercises. SO2
343					Martin		Slack ended 1hr before HW on 8.1m Spring
344		S.S.Craignair / Chile	4.5m		Chris		We dived with a gentle drift to NW
345					Freya		SO3
346					Jim G		
347					Martin		
348		S.S.Woodburn	9.5m		Chris		Nice and clear in the cave but the wreck is now
349					Freya		vanishing under a covering of sugar kelp. SO4
350					Martin		
351	14/08/2011	Slockenglass >N	18m	15c	Martin		Darren cox
352					Kevin		Despite warnings of strong winds sea was ok if
353					Chris	D/M	a bit choppy. Dived down later. Slack was 2hrs
354		S.S.Craignair / Chile	5m		Martin		before HW
355					Kevin		
356					Chris		
357	20/08/2011	S.S.Jasper	17m	16c	Darren	D/M	Diving with Darren's visitors from Stockport

390					Lee		
391	23/08/2011	S.S. Inkosi	52m	16c	Darren	D/M	Chris cox. Windy and with 2m swell Viz on wreck though dark.Slack began 15mins after LW Liverpool tables and lasted for 75 mins. Darren began to explore midships area.
392					Willy Lee		
393					Davy		
394		Slockenglass	18.3m		Chris		John's second dive in choppy seas OD002
395					John P		
396	04/09/2011	S.S. Inkosi	50.2m	15c	Darren		Chris cox. On 7.4m tide slack began 10mins after L'pool LW and lasted for 40 mins
397					Martin		
398		Slockenglass	18.3m	16c	Chris		Sea search survey. On 7.4m tide no discernable current 2.5hrs before local HW
399					Alison		
400		Burrow Head drift	24m		Darren		
401					Martin		
402	18/09/2011	Stank, Luce Bay	16.8m	16c	Chris	D/M	Darren cox. Sea Search Dive. Viz only 2.5 / 3m but good to get in water. Viz on the Woodburn ok
403					Martin		
404		S.S.Woodburn	10.3m		Chris		Recent bad weather has battered the wreck again Boiler now almost falling apart.
405					Martin		
406	20/09/2011	Isle of Whithorn	18.2m	15c	Chris	D/M	SO5 . Went out on ENE with good slack 1hr before HW. Ex.animal turf on outer rocks. Mike now S.D.
407					Mike		
408	02/10/2011	Rock of Providence >S	16m	15c	Martin		V. fast drift 1.5hrs after LW on big spring. Martin went for 1.5km ending up off Devil's bridge. Bright light again best for location as SMB invisible at this distance in deteriorating visibility. Chris cox
409					Don		
410		S.S.Woodburn	6.8m		Darren	D/M	
411					Martin		
412	08/10/2011	S.S.Jasper	17.8m	14c	Chris	D/M	Darren cox. Dived 1hr before HW with good slack 4m viz on wreck which was good given weather
413					Martin		
414		Stein Head	10.6m		Chris		Explored to find wreckage of Bolina. Good scenic site with walls which needs further exploration
415					Martin		
416	12/10/2011	Carghidown	14m	14c	Darren		Jim Cox. Chris saw octopus . Viz 2.5 - 3 m not bad given weather. On big spring slack was 1hr after local HW. Stein Head interesting as a 2nd dive with gullies to avoid tidal streams
417					Chris	D/M	
418		Stein Head	11m		Darren		
419					Chris		
420	16/10/2011	Taylor's Gat	17.2m	14c	Chris	D/M	Wigtown Bay calm but too murky so had to try rougher Luce bay in search of better viz. About 2.5m. Good experience for John. Sea rough coming back round Burrow Head. No sign of seals at Devil's Bridge. Exercises in poor viz on Woodburn
421					John P		
422					Darren		
423					Martin		
424		S.S.Woodburn	10.1m		Chris		
425					John P		OD003, OD004
426					Darren		
427					Martin		

NO.	DATE	SITE	MAX DEPTH	TEMP	DIVERS	D/M Cox	NOTES
428	06/11/2011	S.S.Kelvinside	24m	13c	Chris	D/M	Mirror like conditions made journey to wreck quick
429					Martin		Viz about 4m good given recent weather. Shoals of
430					Phil		big pollack and bib and lots of crabs and lobsters
431					Steve C		Big conger under boiler. Dived 1.5 hrs before LW
432		S.S.Woodburn	8m		Chris		Hopeless viz on Woodburn. We groped our way
433					John P		around and did exs. John now Ocean Diver OD005
